VOL. 26, NO. 56.

ALBUQUERQUE, NEW MEXICO, MONDAY, SEPTEMBER 11, 1911.

EVENING HERALD  
VOL. 1, NO. 199.

## JUDGE MANN REMAINS AS PERMANENT CHAIRMAN

He is Unanimous Choice of  
Republican County Committee Which Refuses to Accept Resignation Today.

### CONVENTION CALLED FOR SEPTEMBER 23

Primaries Will Be Held on  
September 20 and They Will Be Conducted Under Rules Laid Down by the Sub-Committee.

The Republican committee of Bernalillo county met at 2 o'clock this afternoon in the parlors of the Commercial Club, and after deciding to accept the resignation of Judge Edward A. Mann as chairman, which he tendered to the sub-committee of five from the state committee, the call for the primaries and county convention was issued.

The primaries are called for September 20 and the present chairman is named, together with the places where the primaries shall be held.

The convention is called for September 23 at 6 o'clock in the session room of the opera house.

The primaries are called in compliance with the rules adopted by the sub-committee, providing for noon primaries and insuring absolute fairness.

When Chairman Mann accepted the committee he said that the organization which he had tendered to the sub-committee was now before the county committee, it having been so referred for acceptance or rejection.

Chairman Mann called A. B. Stroup to the chair and left the room, leaving the members of the committee that he wanted them to feel free to act as they desired in the matter of selecting a chairman, and that whatever they did would be acceptable to him.

Upon motion of Mr. Ferguson the committee declined to accept Chairman Mann's resignation. As Chairman Mann re-entered the parlor he was greeted with applause.

I desire to thank you for this expression of confidence in me, said Chairman Mann, and I assure you I will try to fill this position with the best ability I have. As long as I may be your chairman, which is to say, I hope, not too long,

Before the committee voted upon the resignation of Justice Mann the secretary called the roll, showing that out of the eight committee sixteen were present, giving the committee a clear majority. Hence Brandt, committeeman at large, who was present when the committee first assembled, left the room, and it was announced by a member of the committee that Brandt had decided not take part in the proceedings.

The committee then took up the filling of the two vacancies in Precinct No. 4 and No. 11. Samuels Chavis was nominated and elected to fill the vacancy caused by the death of Eugenio Barcia in Precinct No. 4, and X. P. Chaves to fill the vacancy caused by the death of Rafael Chaves in Precinct No. 11.

The committee, on motion of A. B. Stroup, fixed the ratio of delegates from each precinct to the county convention as one for each 24 votes cast for Delegate Andrews in 1898, or the major fraction thereof.

A. B. Stroup, George S. Klock and Francisco Lucero y Montoya were named as a committee to draft the rules.

They prepared the following call, which was adopted by the committee and duly signed by the chairman and secretary:

### CALL FOR REPUBLICAN COUNTY CONVENTION.

In accordance with a resolution of the Bernalillo County Republican Central committee, adopted at a meeting held in Albuquerque, N. M., on the 11th day of September, A. D. 1911, and by authority of the State Republican Central committee of New Mexico, a convention of the Republicans of Bernalillo county is hereby called to be held in the City of Albuquerque, at the Opera House in said city, on Saturday the 23d day of September, A. D. 1911, at 10 o'clock in the forenoon, for the purpose of electing twenty-five delegates to represent the county in the Republican State convention which has been called to meet at Las Vegas, N. M., September 28th, 1911, to nominate a state ticket.

At said county convention the county central committee will also be reorganized.

Each precinct in the county is entitled to one delegate for each 24 votes cast for Wm. H. Andrews for delegate to congress in 1898, and one additional delegate for each fraction of 1/16 or more votes so cast.

The primaries in the several precincts for the election of such dele-

## EXAMINER PROUTY AMERICANS PLACED IN GRAVE DANGER IN CHINA WHERE MOBS RIOT

Son of United States Commissioner C. A. Prouty, of Interstate Commerce Commission Arrives Today.

### MANY FREIGHT RATE EXPERTS ARE HERE

All Members of Arizona Railroad Commission in Albuquerque, Together With Sheep Men of Sister State.

Garrisoned in Albuquerque today for the purpose of attending a hearing of the Interstate Commerce commission in the Federal building tomorrow are a number of the most widely known freight rate experts in the country, all of whom will attend the hearing either for or against the reduction of rates on wool products and in the increase from points in Arizona and New Mexico to points east of the Mississippi river.

Ward Prouty, attorney and examiner for the interstate commerce commission, accompanied by John T. Marchand, attorney for the commission, arrived this morning from Chicago, where they conducted a hearing last week. Mr. Prouty will conduct the hearing here and Mr. Marchand will appear as attorney for the government. Examiner Prouty is a son of C. A. Prouty, probably the best known member of the Interstate Commerce commission, a son of the man that has been for many years a consistent champion of the shippers, but more so probably, because he was opposed the chief justness of the new court of commerce by President Taft, which often he declined, preferring to continue his work as a member of the commission.

The hearing in Albuquerque will be held in the Federal building, beginning at 10 o'clock, continuing morning. The hearing is an order entered by the interstate commerce commission for investigation on the transportation of wool, hides, and pelts, from all points west of the Mississippi river to eastern destinations.

The investigation will include hearings, in addition to the Chicago and Albuquerque hearings, in Denver, Salt Lake, Portland and Phoenix. The present investigation grows out of a number of complaints as to rates of transportation of commodities, the complaints, or cases, involving among others, those known as the Spokane, Reno, Salt Lake and Phoenix cases, being charges of alleged unfair rates filed with the commission. The several cases have been consolidated and all the features included in one case, commonly known as Case No. 4973.

Before the committee voted upon the resignation of Justice Mann, the secretary called the roll, showing that out of the eight committee sixteen were present, giving the committee a clear majority. Hence Brandt, committeeman at large, who was present when the committee first assembled, left the room, and it was announced by a member of the committee that Brandt had decided not take part in the proceedings.

The committee then took up the filling of the two vacancies in Precinct No. 4 and No. 11. Samuels Chavis was nominated and elected to fill the vacancy caused by the death of Eugenio Barcia in Precinct No. 4, and X. P. Chaves to fill the vacancy caused by the death of Rafael Chaves in Precinct No. 11.

The committee, on motion of A. B. Stroup, fixed the ratio of delegates from each precinct to the county convention as one for each 24 votes cast for Delegate Andrews in 1898, or the major fraction thereof.

Mr. Prouty, who will hear the testimony tomorrow, was seen at the Alvarado hotel today, but beyond stating that there will be a hearing tomorrow, he declined to say anything for publication. Mr. Prouty is one of the brightest young lawyers in the country, having a very keen legal mind. Apparently Mr. Prouty is not more than twenty-six or twenty-eight years old and holds a very responsible position for such a young man.

### PROMINENT MEN ARE HERE TO TESTIFY

A number of freight experts and sheep raisers from various parts of the southwest are in Albuquerque and will appear before the hearing tomorrow. T. W. Tomlinson, secretary of the American National Livestock association, with headquarters in Denver, and one of the best posted men on freight rates in the United States, arrived today and will remain until the hearing is over.

Mr. Tomlinson is a dynamo of energy when preparing and presenting a case and has at his fingers' ends the rates of many commodities to almost any part of the country by rail or water.

### ASSOCIATED PRESS MAN GOES TO LOS ANGELES

New York, Sept. 11.—Charles E. Kloehn, superintendent of the western division of the Associated Press, has resigned to take a responsible position on a newspaper in Los Angeles, Calif. He leaves the service with the sincere regret and good wishes of the general manager.

Arthur W. Copp, correspondent at Denver, has been appointed to take the place of Mr. Kloehn and C. D. Haggerty of the Chicago office has been appointed correspondent at Denver.

### CHINESE WARSHIP IS IN PORT OF NEW YORK

New York, Sept. 11.—The Chinese cruiser Hsi Chi reached New York today and took up anchorage in the North river off Seventeenth street.

The Hsi Chi, which is commanded by Rear Admiral Ching Pih Kwei, is the first Chinese warship to visit this port. She will remain here a week and then go to Boston, Newport and Philadelphia and Annapolis.

### RESCUE CAR SENT TO SOMERSET MINE

Denver, Colo., Sept. 11.—The government mine rescue car was ordered from Trinidad to Somerset, Gilpin county, Colorado, yesterday to fight a fire raging in the Somerset mine. Reports received here are that no lives were lost. The car should have reached Somerset late yesterday, but no advice has been received here as to whether the fire has been extinguished.

The Arizona Wood Growers association will be represented at the hearing tomorrow by Hugh A. Camp-

## TO THE REPUBLICANS OF BERNALILLO COUNTY

The sub-committee of the Republican State Central Committee, after hearing all the evidence on both sides of the event controversy in the republican party has decided in its favor of the committee over which I have the honor to preside as chairman, and have designated me as chairman of the Republican organization in this county. The state committee had full power to act. Mr. Gillenwater and myself signing an agreement authorizing them to do so, which agreement is attached to its published report. That agreement was signed in Santa Fe on the evening of September 11th in the presence of the committee, Mr. Gillenwater stating that the members of his committee then in Santa Fe, who were Jesus Romero and Alfred Grunstein favored this action and that he had no doubt the remaining members of his committee would favor it. It is true that by resolution of his committee Mr. Gillenwater attempted to repudiate his agreement, but the fact remains that he appeared before the sub-committee at each of its sittings and produced all the evidence he could in its favor. He claimed first that the county committee had a rule that no meeting could be called with less than five days' notice, a claim which he was compelled to abandon for want of proof. His second proposition was that the last county convention held in August 1910, by resolution continued him in power; no resolution to that effect could be produced, however, and the record of that convention failed to show any such action. There were three affidavits that it was passed and twenty or more that it was not, among the latter being affidavits by Geo. R. Craig, Francis E. Wood, and many others who were delegates to that convention.

The committee could not determine this point from the evidence. The evidence showed beyond question that a majority of the original committee (as it was admitted to stand by Mr. Gillenwater) voted to oust him on January 28th, 1911, and four days later met and ratified their action. It was, therefore, established beyond controversy that the regular Republican committee, of which I am chairman, is regular and the only committee entitled to represent the Republican party in the county.

Everything honorable has been offered by this committee and by myself as its chairman to promote harmony in the party in this county to no avail. The Gillenwater committee, backed by the morning papers, have adopted the rule or ratio policy from start to finish. They are attempting and have been using the Hubbard bug-a-boo scare to try to fool the public into believing that this is an attempt to restore Mr. Hubbard to power, a ridiculous proposition upon its face, as A. B. Stroup, Geo. S. Klock, and others of the leaders of the Anti-Hubbard revolt of a few years ago are the leaders of this move to free the party from the hateful Gillenwater one man rule.

It is in fact a movement against any one man rule and a protest against arbitrary, arrogant, steam roller methods, which belong to a past day in New Mexico. The followers of this movement are men who want to see the Republican party of Bernalillo county subservient to the will of no one man, be his name Hubbard or Gillenwater, but who want to see it controlled as all Republican organizations should be controlled, by the will of the majority of its members.

As to the Morning Journal, the Republican party of the state and county are glad to see it hot and to where it belongs, to the Democrats. It has been a Judas in the party long enough and the sooner it quits bushwhacking and does the work of the enemy, the better for the party. Its manager long ago served notice on the writer that it would not stand for anybody to handle the "slush fund" but Mr. Gillenwater, whose methods he so greatly admired. The Journal had just as well get out; it has already been repudiated and discredited by the party; in fact, it is already out, kicked out, by every Republican who has a particle of party loyalty in his system, and let there go with it all so-called Republicans who would rule or ruin the party and who care more for some little county office than for party principle. Those of us who remain had much rather go down to defeat, if necessary, than to elect such a gang of petty grafters to office.

I call upon all true Republicans who want to see Republican policies in government prevail, to rally round the flag, and join us in thanking that we have purged the party of its traitors and driven the "bushwhackers" out into the open.

Let all Republicans get in line. Bernalillo county cannot afford to lose the prestige it is entitled to as the greatest Republican county in the new state. Let us go after what we want and get it, and quit this thing of wasting our energies over who shall be our chairman or whether this man or that shall control the organization. We are too big for one-man rule. There is no longer danger of by-gone methods and we are not children who can be frightened by the boogey-man will get you, if you don't watch out."

Let us remember that our politics are no longer local, but national and state, and that hereafter we will not only be called upon to decide who shall be sheriff or county commissioner, but will have voice in electing senators and representatives in congress and president of the United States. Will you let a traitor Journal, save over expected "slush funds" which will not be forthcoming, lead you out of the party while the Democrats laugh at your folly?

I think not, but believe that all good Republicans will rally to the cause and that the Republican party of Bernalillo county will follow the state party and gain an old-time victory.

EDWARD A. MANN.

### ALFRED MULLER'S WILL ADMITTED TO PROBATE

The will of Alfred Muller, former secretary of the National Jewish Hospital for Consumptives, was admitted to probate yesterday in the doubles tennis match.

Arthur W. Copp, correspondent at Denver, has been appointed to take the place of Mr. Kloehn and C. D. Haggerty of the Chicago office has been appointed correspondent at Denver.

H. H. Hinrichs, Muller's law partner and attorney for the estate, said its value had been over estimated and that \$50,000 instead of \$40,000 would cover the life insurance, notes, stocks and securities. Three claims, aggregating less than \$2,000, have been filed against the estate.

Brian Grossen, charged with embezzlement of hospital funds, was in court to attest the signature of the deceased as witness of the will.

Alfred Muller, the man whose will was admitted to probate yesterday, died in 1908, leaving a will in which he directed that his body be buried in the cemetery of the National Jewish Hospital for Consumptives.

CHAMPION SCULLER OF ENGLAND RETAINS TITLE

LONDON, Sept. 11.—Eaestern Barry champion sculler of England, retained his title this afternoon in a match with W. H. Fogwell, the New Zealand champion, rowed over the championship course from Putney to Mortlake. A purse of £2,000 accompanied the title. The New Zealander held the lead for a third of the distance, when Harry forced easy to the front and won in three and a half lengths.

The winner's time was 22 minutes 14 seconds.

## WILL NOT MODIFY DEMAND MADE FOR RECOGNITION OF SHOP CRAFTS

J. W. Kline, International President of Blacksmiths and Helpers, Arrives in Los Angeles, Hopeful for Peace.

### NEXT MOVE EXPECTED FROM KRUTTSCHNITT

(By Evening Herald A. P. Leased Wire)

Los Angeles, Sept. 11.—We have not yet considered the question of a strike of the shop-employees. We are still hoping for another conference with Mr. Kruttschnitt or with the German managers of the Harriman lines. However, we have never and will not modify the demand for recognition.

The statement was made by J. W. Kline, international president of the Blacksmiths and Helpers' union of Chicago, who arrived here today. Kline said he still hoped for a conference with Julius Kruttschnitt or the general managers of the Harriman lines and believed if that a meeting between the general managers and the committee of the shop crafts could be effected their differences could readily be adjusted.

He admitted, however, that such a meeting could be arranged.

The next move should come from Mr. Kruttschnitt," said Kline.

"But suppose he does not move?" was asked.

Kline replied that he and his associates had not decided what their action in that event would be, but a strike, he said, would be the last resort.

After a mass meeting tonight the labor leaders who form the Kline party will depart for the east. Kline going to Salt Lake City and the others to Tucson, Ariz., and to El Paso, San Antonio and Houston, Texas.

MACHINISTS SOON

TO KNOW THEIR FATE

Chicago, Sept. 11.—We are going to let the Illinois Central railroad shop employees know before the day is over what the machinists will do with relation to the proposed strike.

Declared P. J. Coulon, first vice president of the International Association of Machinists, today.

I expect a message from our international executive board, which went into session at Davyport. We are not going to wait with the matter any longer. The board will decide whether the machinists are to submit this strike.

I will be notified and I will immediately communicate with the members of the international conference committee representing the nine trades."

FRANCISCAN WILL BE DECLARED A SAINT

(By Evening Herald A. P. Leased Wire)

Berlin, Sept. 11.—Emperor William, starting yesterday for the scene of the army maneuvers, had a conference of two hours with the German minister of foreign affairs, Herr Kiderlein-Waechter.

Todays' *Alster*, in what is evidently an inspired article, emphasizes, that Germany does not demand any special rights whatever in Morocco, but seeks mainly guarantee from France against a monopolizing of the public works, mining and trading rights and against certain practices in the customs administration—guarantees that would benefit all countries equally.

The only subject requiring a special arrangement between Germany and France, the paper says, would be a treaty ceding territorial indemnity. All other points would be covered by an amendment to the Algiers agreement, providing the other signatories would accept the German proposal to condemn France to take over a protectorate of Morocco along with the obligations involved in maintaining order.

Other resolutions adopted demand the speedier building of warships.

GERMAN LEAGUE AFTER MORE WARSHIPS

Berlin, Sept. 11.—The Pan-German League yesterday adopted resolutions protesting against the withdrawal of Germany from her political position in Morocco and against her acceptance of territorial indemnity
